This module is designed to follow the first module of the Family Child Care Orientation. It is a requirement for all newly licensed family child care educators, to be completed within 6 months of receiving your license. It may also be beneficial for experienced family child care educators who would like further clarification regarding licensing requirements. This course provides an introduction to the fundamentals of child growth and development, and to positive child guidance practices in family child care homes. Further, it discusses the basic elements and guiding principles of curriculum planning. Finally it provides an introduction to the elements and the impact of professionalism in family child care, with emphasis on fostering positive relationships with parents of children in care.

We accept check, money order, Visa or Master Card. You must pre-register at least 5 days before the session date in order to guarantee a space. Enrollment is first come/first serve. No confirmation will be sent. Doors open 30 minutes before and close 15 minutes after each session begins. We’re sorry, but children cannot attend this class with you, please make other arrangements. No refunds or credits are available if you miss this orientation.

This Orientation (Module Two), may be taken for training hours.
